

SISA Certifies Infosys BPO on PCI-DSS

November 17, 2010

Executive Members of Infosys BPO receive the PCI DSS Certification from SISA. From Left to Right: Renju Varghese, Principal Consultant, SISA, Swami Swaminathan, Managing Director & CEO, Infosys BPO, Sheshadri B C, Global Head Quality & Risk Management, Infosys BPO, Srikant Balan, Head of Risk Management at Infosys BPO, Dharshan Shanthamurthy, Chief Consultant, SISA and Mahadevan KK, Senior Risk Analyst, Infosys BPO.

Highlights of the Event

- Infosys BPO one of India's leading BPOs.
- Infosys BPO is the first BPO to become PCI Compliant organization-wide with multiple locations, encompassing 20,000 members
- SISA adds to the tall list of PCI Certifications, having certified the world's first m-commerce, world's largest telecom, CEMEA's first Bank, Asia's first Bank, etc.

Quotes from the Event

- *"The PCI DSS certification is a natural outcome of having systematic procedures that promote high level security and ensuring compliance for all clients. SISA's professional and structured approach helped in achieving the certification in a quick time. Infosys BPO is proud to be among a handful of global organizations to achieve a PCI-DSS certification."* **Srikant Balan, Head of Risk Management at Infosys BPO.**
- *"It's a significant accomplishment for Infosys BPO since it's an organization-wide PCI Compliance vis-à-vis a specific customer account PCI Compliance which is relatively easier to accomplish. We believe SISA's unique methodology also helps organizations to meet the stringency of the PCI DSS standard in a structured manner as in the case of Infosys BPO".* **Dharshan Shanthamurthy, Chief Consultant, SISA**
