PCI-DSS v2.0

14 Hrs CPE credit

CPISI Certification

Inclusive of PA-DSS

What is PCI DSS ?

The Payment Card Industry Data Security Standards is a multifaceted security standard created by Master Card Worldwide, Visa International, American Express, Discover Financial Services and JCB.

PCI DSS provides the requirements for security management, policies, procedures, network architecture, software design and other critical protective measures. It describes a set of rules that need to be adhered to by businesses that process store and transmit card holder information, in order to ensure data protection.

About the Workshop

SISA's 2 day PCI Implementation Workshop is primarily aimed at enabling you to understand and implement PCI Standards successfully in your organization. You will gain a clear conception of the various requirements of the Payment Card Industry Standards, and discover the intent behind each of its requirements. If your organization is already PCI compliant, this workshop will help you learn how to maintain your PCI compliant status effectively and minimize the possibility of card breach.

Who Should Attend

- Banks, Third Party Processors, Merchants, Information Technology, Telecommunication, Web hosting Companies and others.
- Managers overseeing PCI-DSS compliance.
- Security professionals operating in a PCI-DSS compliant environment.
- Internal auditors desiring to validate interim compliance.

Benefits of Workshop

This is a certification program conducted by SISA, the leader in PCI Certification.

CPISI Certification is recognized by the Payment Card Industry and many world class organizations.

Past Participants include professionals from Bank of America, Royal Bank of Scotland, Ahli United Bank, Syndicate Bank, Canara Bank, Axis Bank, ING Vysya Bank, Abudhabi Commercial Bank, Andhra Bank, Bank Muscat, Bank of Baroda, Union National Bank, Alliance Bank, Infosys, TCS, Wipro, Accenture etc.

Course designed entirely by a highly qualified QSA (Qualified Security Assessor) with over 15 years of experience in Information Security.

Mentoring by sought-after PCI Assessors (PCI QSA) and subject matter experts for VISA and MasterCard.

All encompassing and hands-on coverage of PCI DSS implementation.

Globally recognized certification.
